

*"We wish you a Merry Christmas and happy new year"*

It was great to resume Christmas celebrations at Loftus after the Covid Christmas lock down of 2020 stopped all the fun last year.

Pobl have once again supplied a Christmas tree for the park and booked Santa to turn on the lights. The rest of the event was down to the great work of Jason and the neighbourhood watch team.

Well done everyone.

An afternoon Christmas disco for the kids in the church hall was followed by a festive gathering at the pond for the Christmas tree light turn on.

Despite the drizzle, community spirits were not at all dampened. Councillor Jessica Morden was invited to give a speech, Santa turned on the lights and then with a bit of the encouragement from the wonderful U3A choir the whole park burst into song with carols. What a lovely end to the day.

Once again Pobl would like to thank Jason and the neighbourhood watch team for organising everything, it was a great community event.

Also, a big thankyou to everyone who's have made the effort with the own Christmas decoration displays,

It's not just summertime when Loftus looks lovely.

*Happy Christmas Loftus.*
